Acting Headteacher: Mrs Clare Howells

Dear Parents and Carers,

Maths Club (invite only)

I will be running a Maths Club after school on Thursday's from 3.15pm – 4.15pm beginning 22nd September, which your child is invited to.

The sessions will be focusing on ensuring children are secure in confidently and efficiently working out arithmetic questions and then using this knowledge in a range of different applications. The sessions will reinforce what has been taught in school, as well as recapping objectives previously covered.

The club is completely optional however I strongly recommend your child attending. In order to help me plan and cater for all needs, please let the office know whether your child will be attending asap.

To make the club that little bit more enticing, I provide biscuits and hot chocolate for the children and we also have a cake rota so each child will be asked to bring in cakes for the others – this was very popular last year!

Many thanks for your continued support. Please do not hesitate to contact me if you wish to discuss anything above or otherwise.

Kind regards

Mrs Knight
