

Literacy

Warning tales - with a focus on character and characterisation in writing. We will also look at forms of poetry, including Kenning, Limericks and free verse.

PE

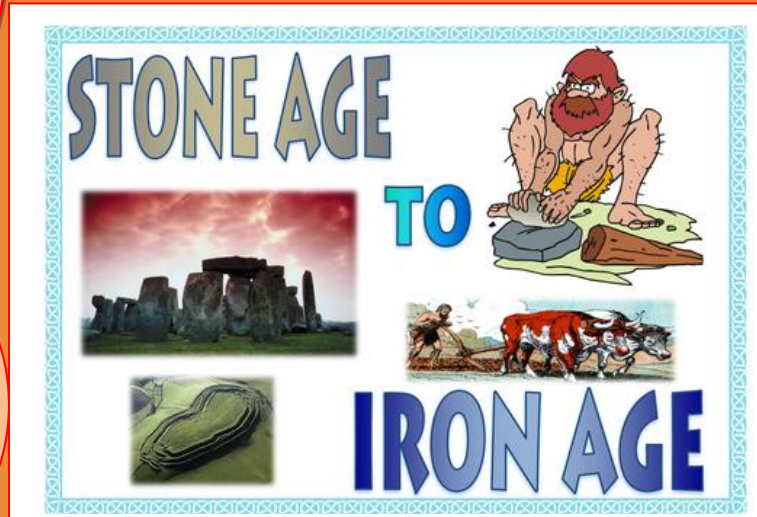

We will be learning about invasion games, including attacking and defending through touch rugby and netball.

Numeracy

We will start the term by honing our addition and subtraction skills, using different resources to support our maths learning, then we will be using multiplication and division.

Design Technology

Shelters and structures - we will learn about different materials and make our own packaging.

History

This term we will be looking at the major changes in Britain from the Stone Age to the Iron Age. The children will also be considering how we know about a historical period without written sources.

ICT

We are looking at programming - we will be designing, writing and debugging our programmes.

Science Rocks

This term children will study different types of rocks and how they are formed, comparing and grouping rocks based on appearance and simple properties. We will learn how fossils are formed. Children will understand how soil is formed and then investigate the permeability of different types of soil.
